BOTTOM BELT ACCENT PIECE
GOLD

*NOTE: When cutting out the three front belt pieces, place in the center of your 18" x 12" foam sheet, and use a ruler to extend out to the edges of the foam sheet so the belt is as long as possible. You will also cut out a back belt piece, to be glued to the front belt piece in order to make the belt as long as you need to go around the waist of your trick-or-treater.
